Skrapo user stories

Skrapo – App Overview

Skrapo is a web-based platform that connects households and corporates with local scrap dealers ("Scrap Champs") for scheduled scrap pickups. It streamlines the end-to-end process — from booking a pickup to confirming a dealer, completing the job, and collecting feedback — all via a mobile-friendly web app and SMS/OTP-triggered links.

Three core interfaces:

- **Customer Web App** — Book, track, and review scrap pickups
- **Admin App** — Manage orders, dealers, and communications
- **Scraper (Scrap Champ) App** — Receive, accept, and complete pickup jobs

Key communication touchpoints via SMS (all non-OTP messages link back to the web app):

- OTP for customer login
- Pickup request broadcast to Scrap Champs
- Confirmation message to customer once Scrap Champ is assigned
- 2hr pre-pickup reminder to Scrap Champ
- Post-pickup feedback links to both customer and Scrap Champ

#	Section	Story	Priority
1	Customer App	First-time registration via OTP + Google Sign-in	P0

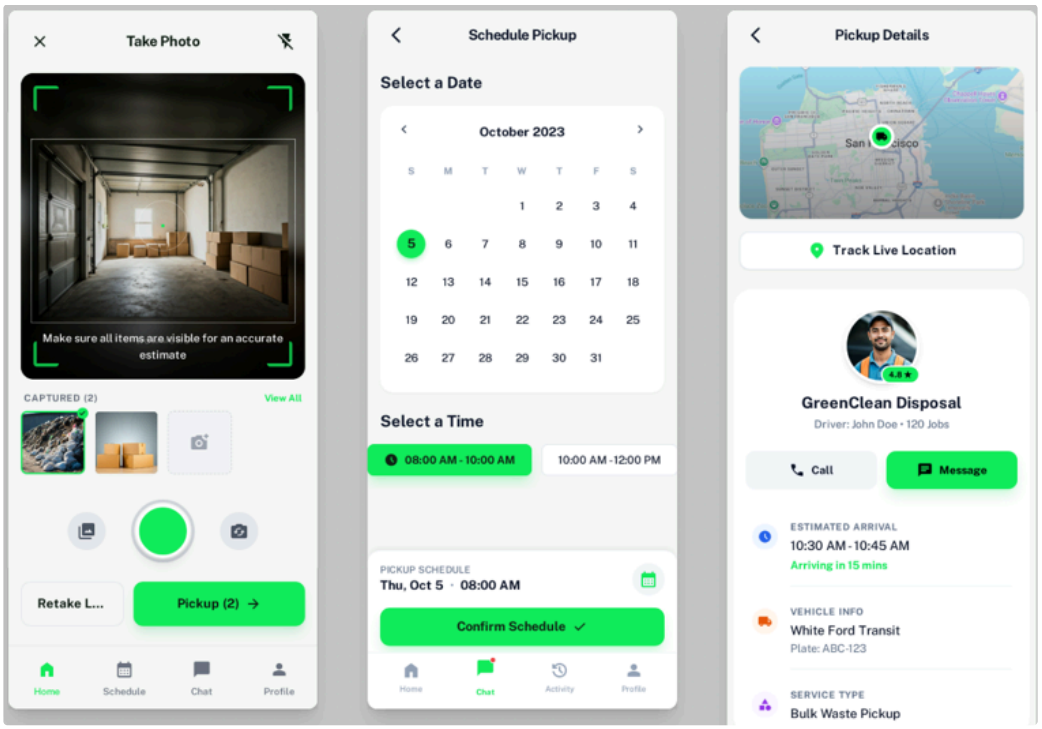
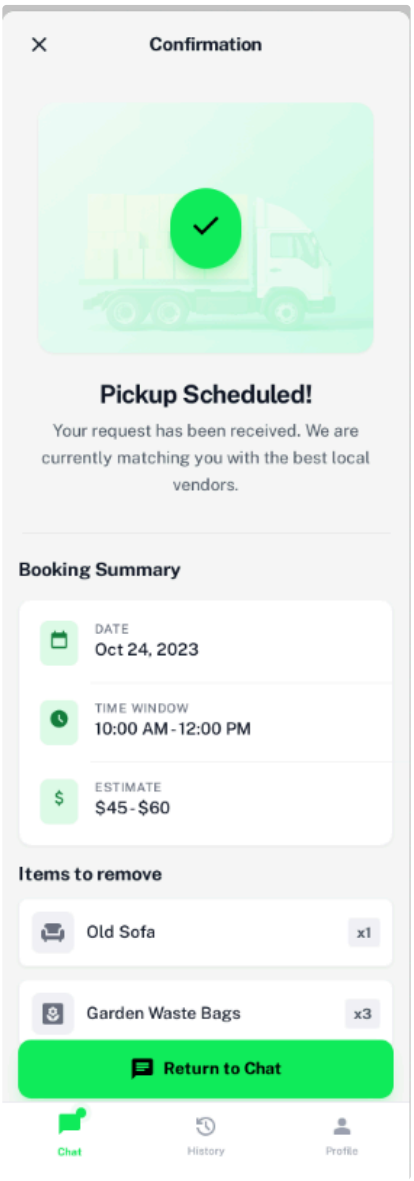
Section 1: Customer Web App





Story 1 – First-Time Registration & Login

As a first-time customer, **I want to** register using my phone number and verify via OTP, **So that** I can access the Skrapo platform securely.

Acceptance Criteria:

- Customer enters mobile number and receives an OTP via SMS
- OTP verified successfully to proceed to the app
- Option to sign in via Google as an alternative
- On first login, customer is prompted to complete their profile (name, address/pickup location)
- Address is saved for future pickups

Priority: P0 – Must Have

Story 2 – Schedule a Pickup

As a customer, **I want to** log what scrap I have and schedule a pickup, **So that** a Scrap Champ can come collect it at a convenient time.

Acceptance Criteria:

- Customer selects scrap type(s) from dropdown: Paper, Plastic Bottles, Milk Covers, Metal, Others
- Option to add additional scrap types not in the list
- Option to add estimated weight per item
- Customer can upload a photo of the scrap
- Customer selects a pickup date (minimum 24hrs from current time) and a 1hr time slot via calendar
- On submission, a thank you message is shown on screen: *"Thank you for your order! We're finding your Scrap Champ and will confirm shortly."*

Priority: P0 – Must Have

Story 3 – Returning Customer Login

As a returning customer, **I want to** log in directly and land on the schedule pickup screen, **So that** I can book quickly without re-entering my details.

Acceptance Criteria:

- Returning customers bypass the registration flow
- Lands directly on the pickup scheduling screen after login
- Saved address pre-populated from previous session

Priority: P0 – Must Have

Story 4 – View Previous Orders

As a customer, **I want to** view my past pickup orders, **So that** I can track my history and reference previous pickups.

Acceptance Criteria:

- Customer can access an order history screen
- Each order shows: date, scrap types, status, and Scrap Champ assigned
- Orders sorted by most recent first

Priority: P1 – Should Have

Customer Notifications – Summary

Story 5 – Pickup Confirmation SMS

As a customer, **I want to** receive an SMS once a Scrap Champ accepts my pickup, **So that** I know who is coming and when.

Acceptance Criteria:

- Triggered automatically when a Scrap Champ accepts the order
- Message includes Scrap Champ's name, date, time, and a link to Skrapo
- Link opens order details screen with Scrap Champ info
- Message copy: *"Your Scrap Champ is confirmed! [Name] will arrive on [Date] at [Time]. View details: [link]"*

Priority: P0 – Must Have

Story 6 – Post-Pickup Feedback SMS

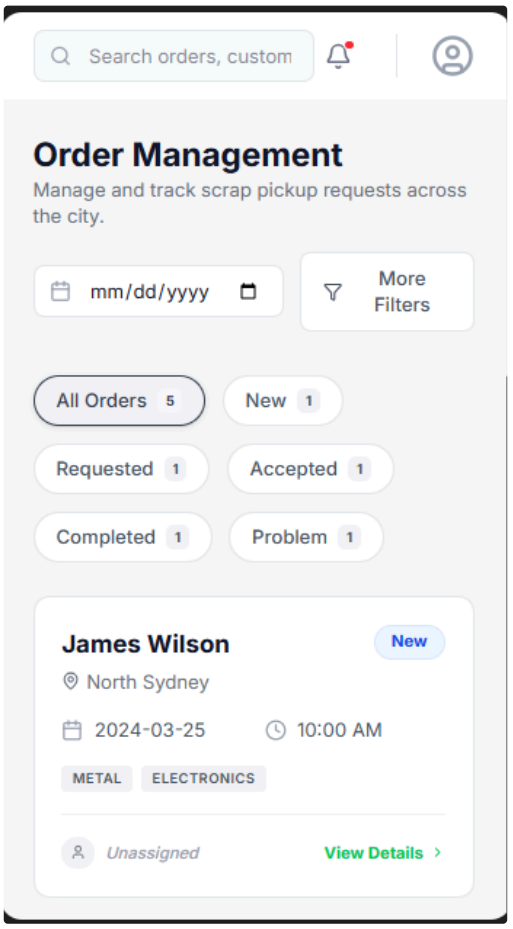
As a customer, **I want to** receive a feedback request after my pickup, **So that** I can rate my experience.

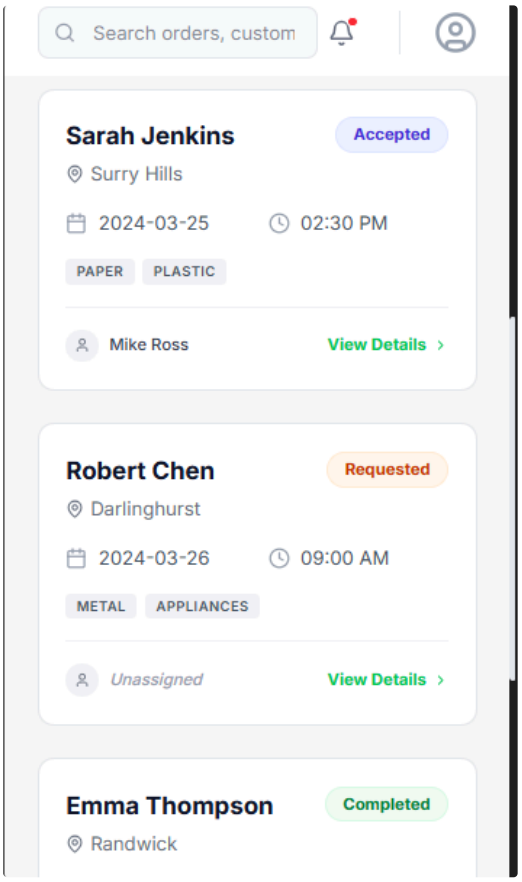
Acceptance Criteria:

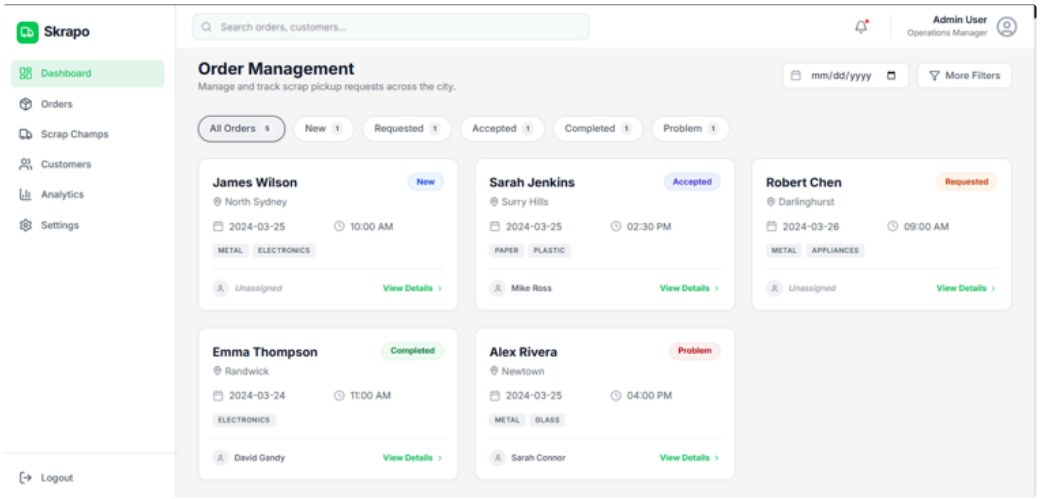
- Triggered 2hrs after scheduled pickup time
- Link opens feedback screen in Skrapo capturing: star rating, weight & price, Scrap Champ behaviour, free text comments
- Message copy: *"How was your Skrapo pickup? Share your feedback here: [link]"*

Priority: P0 – Must Have

Section 3: Admin App







Story 7 – View & Manage Order Status

As an admin, **I want to** view all orders and their current status, **So that** I can monitor pickups and intervene when needed.

Acceptance Criteria:

- Order dashboard shows all orders with status: New, Requested, Accepted, Completed, Problem
- Each order shows: customer name, area, scrap types, scheduled date/time, assigned Scrap Champ
- Admin can manually change order status if needed
- Orders filterable by status and date

Priority: P0 – Must Have

Story 8 – Broadcast Pickup Request to Scrap Champs

As an admin, **I want to** automatically trigger a bulk SMS to all Scrap Champs in the area when a new order comes in, **So that** available Scrap Champs can claim the job quickly.

Acceptance Criteria:

- On new order submission, SMS is auto-triggered to all Scrap Champs in the relevant area
- Message includes a link to the order details in Skrapo
- Message copy: *"New pickup request in your area! Click to view and accept: [link]"*
- Admin can see how many Scrap Champs received the message

Priority: P0 – Must Have

Story 9 – Track Scrap Champ Responses

As an admin, **I want to** see how many Scrap Champs clicked the link but didn't accept the order, **So that** I can understand demand and coverage gaps.

Acceptance Criteria:

- Admin dashboard shows link click count vs acceptance count per order
- Order status updates automatically once a Scrap Champ accepts
- Admin notified if no Scrap Champ accepts within a defined time window

Priority: P1 – Should Have

Story 10 – Auto-Trigger Post-Pickup Customer Feedback

As an admin, **I want to** automatically trigger a feedback SMS to the customer 2hrs after pickup, **So that** feedback collection is consistent without manual effort.

Acceptance Criteria:

- System triggers feedback SMS automatically 2hrs after scheduled pickup time
- Order status changes to "Completed" at this point
- Admin can see feedback responses against each order

Priority: P0 – Must Have

Story 11 – Flag Orders with Problems

As an admin, **I want to** flag and track orders that had pickup issues, **So that** I can follow up and resolve them.

Acceptance Criteria:

- Admin can manually set an order status to "Problem"
- Problem orders surfaced prominently on the dashboard
- Admin can add notes to problem orders for follow-up

Priority: P1 – Should Have

Story 12 – Receive & View Pickup Request

As a Scrap Champ, **I want to** receive an SMS with a pickup request and view the order details, **So that** I can decide whether to accept the job.

Acceptance Criteria:

- SMS received with link to order details in Skrapo
- Order details screen shows: scrap types, estimated weight, photo, general area, date and time
- Exact address is only revealed after acceptance
- Scrap Champ can Accept or Deny the order

Priority: P0 – Must Have

Story 13 – Accept or Deny a Pickup

As a Scrap Champ, **I want to** accept or deny a pickup request, **So that** I can manage my schedule.

Acceptance Criteria:

- On acceptance: exact pickup address revealed, order status updates to Accepted in admin
- On denial: order remains open for other Scrap Champs
- If order already accepted by another Scrap Champ when link is opened, screen shows: *"This order has already been accepted. We'll send you the next one!"*

Priority: P0 – Must Have

Story 14 – 2hr Pre-Pickup Reminder

As a Scrap Champ, **I want to** receive a reminder 2hrs before my scheduled pickup, **So that** I can plan and be on time.

Acceptance Criteria:

- SMS triggered automatically 2hrs before pickup time
- Message includes general area, time, and link to order details in Skrapo
- Message copy: *"Reminder: You have a pickup at [Area] today at [Time]. View details: [link]"*

Priority: P0 – Must Have

Story 15 – Post-Pickup Feedback

As a Scrap Champ, **I want to** submit feedback after completing a pickup, **So that** I can log the outcome and share any notes.

Acceptance Criteria:

- SMS triggered 2hrs after scheduled pickup time with link to feedback screen
- Feedback screen captures: pickup rating, actual weight and price paid (optional), additional comments
- Message copy: *"Pickup done? Let us know how it went: [link]"*

Priority: P1 – Should Have

Story 16 – Scrap Champ Dashboard

As a Scrap Champ, **I want to** view a summary of my activity on Skrapo, **So that** I can track my performance and earnings potential.

Acceptance Criteria:

- Dashboard shows: total orders received, accepted, declined
- Average customer rating displayed
- Orders listed by most recent with status

Priority: P1 – Should Have
